AT THE CROSSROADS

Reaction and counter-reaction to our weekly "Tucson Gay Newsletter" has been steadily growing with each issue. Our mail is increasing and this week we welcome two new subscribers. We have been expanding our out-of-town circulation and we have seen the results. More and more people are out and about and many of our out-of-town brothers and sisters, realizing that there is something happening in our fair city, have been visiting here or are planning visits. We intend to increase this type of publicity to in-town and out-of-town friends and publications, in hope that they will publicize our happenings and will encourage more Gay winter visitors to Tucson. Along the same lines, we would like to encourage Tucson businesses, other than bars, to join our newsletter and let us know where they are and what they might have to offer our community.

COMING EVENTS

Beginning next Wednesday and running through Sunday Nov. 21st, Stonewall will be celebrating their 4th anniversary with something big going each night. We will cover all of the festivities in full detail next issue but we want you to stand by for five evenings of fun, entertainment and prizes. Champagne party, dinners, wine tasting, contests, bingo, Tacky Awards presentation, Mr. Tucson selection, etc. etc. A celebration to be remembered.

Gay Community Services and MCC Church joining forces to raise funds or donations of food to be given to the Tucson Food Bank. A really excellent cause to the entire Tucson community, and we wish them well. More about this later.

Tucson has always had the reputation of being the most friendly city in the West. We want to keep it that way. If any of you have traveled to another city you know what it is to look at other people just wishing for a conversation, and be completely ignored. It is a very lonely feeling. Such is not our reputation. If you see someone you do not know, but would like to, go strike up a conversation, it could pay dividends, and at the same time you are being a Goodwill Ambassador to our town and Gay Community. We need the publicity, and it is up to each of us to keep our reputation of being the friendliest city in the West.

We have everything going for us.
Beautiful city!
Beautiful climate!
Beautiful people!

COMMENTS

With this weeks issue of T.G.N. we welcome another popular Gay bar to our newsletter. Dr. Jekyll's and Mr. Hyde's has proven to be one of the hottest disco's in town since it opened last Labor Day. Located at 1455 N. Miracle Mile, Phone 622-1370. We will be keeping you up to date as to their bill of fare.

Also this week, we welcome as a regular advertiser, the popular California magazine Pacific Coast Times. This informative publication is probably familiar with most of you who have visited the Coast. We will be requesting copies for distribution through our bars to keep you up to date on our neighboring state.

MCC WHERE GOD DOESN'T DISCRIMINATE

Plans are being made for a M.C.C. Thanksgiving Dinner for the people in our community. Any donations for food or money to purchase food will be greatly appreciated. This weekend eight people from M.C.C., Tucson participated in the South West district conference, in Costa Mesa, California, of the Universal Fellowship of Metropolitan Community Churches.

Services: Sunday, 6:30 pm
Place: Truth Chapel
920 N. 1st Ave.

GCS

The regular Monday night meeting of G.C.S. will be held this Monday, Nov. 15,

at 7:30pm at the Truth Chapel, 920 N. 1st Ave. Guest speakers will be Officers Ken Magoch and Mark Thomas of the Tucson Police Department.

G.C.S. still needs volunteers to man the telephones, especially on Mondays from 3:00 to 6:00pm and 9:00 to midnight, Tuesdays from 6:00 to midnight, and Sundays from 6:00 to midnight. Of course money is always needed to keep your G.C.S. running.

The editors of T.G.N. have told us nicely that we sure are long winded. So this week we will try to keep the article short.

We are going to be speaking at the G.C.S. meeting this week. We want to invite everyone to attend. The speech will be short. And we hope to open the meeting to a question and answer session. We will attempt to answer all the questions asked either at the meeting, or in the upcoming issues of T.G.N.

EDITORIAL

Tucson Gay Newsletter

THE GAY WAY ?

In the October 15th issue of Forbes Magazine there was an interesting article which should reinforce our view of the strength of the Gay Community on a national scale. The 65 year old firm of Horn & Hardart, of automat fame, are considering opening a chain of Gay clubs. In conjunction with Blueboy magazine they have planned their first Gay Club, opening the first part of the year, in Miami. If this succeeds they plan a dozen or more to follow. Horn & Hardart's 1975 sales amounted to \$50 million, so if the test is successful there is no doubt that more will follow. It is just a sign of the times.

We still take the position that we should patronize Gay owned establishments, but we fully realize that there are many fine eating, drinking, clothing, etcetra establishments that are owned by the Straight community, and while they do not cater specifically to the Gay, they none-the-less are excellent establishments and deserve our support - if they support us. Our's is not a world unto itself.
