NATIONAL REACTION TO TGN

Our recent editorial on the tragic death of Richard Henkin and the subsequent verdict has caused a stir among several of the national Gay organizations. We have received wide, favorable comment from both East and West coasts regarding it. These unfortunate happenings have, and should continue to be, a rallying point to the Tucson Gay Community. Just as the Stonewall riots in New York began a nationwide movement, we believe that even in tragedy, there is some good.

In the December 3-16 issue of Pacific Coast Times, an article written by Martin Smith, unfortunately, misses this point. In quoting Mr. Smith....."For too long the silent (gay) majority has put up with society judging us on the visible gays, the bar queen and activists, (who are) the minority of us. For too long the silent (gay) majority has had to put up with self elected spokespersons telling the world 'we homosexuals this' and 'we homosexuals that' when 'we homosexuals' have no common view on any matter least of all what we want from society and life. Well the silent minority please sit down and regain the majority so we can all get on with the job of living and liberating....first ourselves and then society."

FOOD DRIVE

The food drive, sponsored by MCC and GCS and all the bar owners, begins tonight. Food gets you free drinks as explained in last issue. There has been some talk that the recipient of this food, Tucson Food Bank, is anti-Gay. It is our understanding that anyone who is in desperate need of food may draw from the food bank provided he or she applies through the proper agency. In the case of the Gay Community, you should apply through Gay Community Services. The food bank does not distribute food except through authorized agencies.

There is no question that the majority of Gay persons are invisible, and they are perfectly welcome to sit down and remain silent. However, when laws threatening all Gays, silent and vocal; Gays being harrassed, beaten, murdered; Gays who only want equal time and space, then we feel it is up to us, even if we are to be labeled the vocal minority, to exercise our right to speak up when it is necessary, and let the Martin Smiths reap the harvest of our efforts for equality and decency and a fair share of our place in society. We all should share at least this 'common view'.

We don't want to make waves, but we won't sit down. Sorry Martin, but we couldn't disagree with you more.

AWARDS GIVEN

Last Saturday night was, as promised, a big night at Dale's Graduate. A packed house enjoyed an excellent drag show featuring several performers from Phoenix. The evening was in honor of Empress I de Arizona Adrian celebrating 30 years in show business. Mitch put out a huge buffet before the show and there wasn't a piece of roast beef or ham left.

Emperor Robin shared the stage with Mitch in presenting several awards. Mother Johnny won "Bartender Of The Year" again, with Tommy Schelling running him a close second and Wayne getting third place. Code 4 Mark and Ken were presented a special award for their service to the Community. Dec was officially knighted to Emperor Robin's personal Court. Humanitarian awards were presented to "Big Mama" Duncan and also to Lloyd and Johnny for their continuing assistance to the entire Gay Community. Even the editors and staff of this newsletter were given a large ovation for which we thank all present.

In all, it was a great evening with everyone enjoying the entire proceedings. Dale should be congratulated for presenting this show, and we think Mitch should get a special award for her tireless efforts in arranging this annual extravaganza.

Remember well and bear in mind, A true friend is hard to find. And when you find one good and true, Change not the old one for the new.

LETTER TO THE EDITOR

Dear Editor:

This letter is to my Gay Brothers and Sisters of Tucson; After dropping the Empress Adrian off at her house, I stopped at the Ramrod.

Someone mentioned to me about Code 4, as to why no questions and answers concerning the Gay Community, and the Tucson Police Dept. I would like to say that you have a good thing going for you in Tucson.

When I mention about the officers, Magoch and Thomas, who patrol the bars and parking lots, people here raise their eyebrows in question.

What type of communication do they have? It's hard for some people here in Phoenix to find out what Tucson has!

People are always calling me, or asking me, what's happening in Tucson, so naturally I pass on the T.G.N. You'll never know how much it has helped me.

We learn from each other, when you help someone else, you also help yourself. You have Tucson, but, we share the same state of Arizona.

You have something Phoenix hasn't got, and would like to have! Through your efforts, the Arizona Gay Communities might succeed! Please don't lose your communications, WE need you, Code 4, and the question and answers.

Love Ya Much

MCC WHERE GOD DOESN'T DISCRIMINATE

We, as Gay men and women live a lifestyle which is comfortable, normal and natural for us. God created humankind. If God wasn't good, God would not have created us as human beings. A person does not have to be a part of organized religion (praise God when they are) to be spiritual. All any of us in the community want is to live - to love - to share and unite together for the same causes and goals that we deserve as human beings.

1. Accept me as I am.

2. Please love me and let me love in return but let it be a love of my choice so that I may be free of oppression and discrimination. Whatever organization that we choose of our free will to support or become involved in is not important, but it is immensely important if you are not uniting with your brothers and sisters to become more unified and not divided and not involved.

SUNDAY BRUNCH

There is now an excellent choice between two places in Tucson where you can enjoy a leisurely Sunday brunch.

If you're into eggs, bacon and sausage then the place to go is Lucky Pierre's. Bill Baker is now the regular chef, cooking the specialty of the house: A huge omelet of cheese, chopped onion, green peppers, and mushrooms. John Richtars has found some chickens that lay nothing but double yolk eggs, so two of these go into each omelet. Or if you don't want the omelet you can order eggs cooked exactly as you order them by Bill. Served with all of this are French buns, bacon, sausage and hash browns. You can't beat the price of \$1.69 and this includes a complimentary glass of champagne. Brunch at Lucky Pierre's is served from 1:00 to 3:00 PM.

If you want to recover from your big Saturday night with a sandwich and a salad, then the place to go is Jekyll's and Hyde's. For \$1.50 you can have any sandwich on their great menu and help yourself to all you want at the salad bar. Sunday lunch is served from 2:00 to 5:00 PM.

Sunday afternoon is a great time for friends to have a quiet lunch and these two places can really show you how to enjoy really good food at outstandingly low prices.

COMMENTS

Last Saturday a concerned Gay person printed and distributed at his own expense, a letter which we all should take advantage of. It is a preprinted message to the Arizona Legislature, stating our opposition to the proposed revisions to the Arizona Criminal code. As stated in last week's T.G.N., we must all band together to atop this horrendous slap in the face to the Gay Community of the entire State of Arizona. The time is growing short and your delay could result in your being branded a criminal. Use this opportunity to show the Legislature that a goodly portion of their constituency is outraged and will not let up in their drive for fair and equal rights for all. We salute the anonymous donor of this letter for helping the Community in getting the word to Phoenix. It might be noted here that the list of persons to write to on the reverse of this particular letter is inaccurate since this last election. Please check with GCS to make sure of your current Legislator.

CODE 4

We wish to take the opportunity to thank Dale Yount, Mitch, the people at The Graduate, and all the members of the Community for the awards of recognition presented to us. It is encouraging to us to know that the Community has accepted us and feels that we are doing some good. K. Nagoch, 6583
H. Thomas, 10900
Tucson Police Dept.

GCS

The M.C.C. - G.C.S. Food Drive you read about last week has begun. We are asking members of the Gay Community to contribute food to the Community Food Bank of Tucson on behalf of the Gay Community. The Community Food Bank is a very successful agency that, in effect, serves as a collecting and distribution system to provide emergency food supplies to all needy persons in Tucson who request food through one of the eighty member agencies. G.C.S. is a member agency complete with representation on the Food Bank's Advisory Council. If you or someone you know is in need of emergency food supplies, they should come to the G.C.S. office to apply. G.C.S. will order the food and the applicants can pick up the food later in the day at the G.C.S. office. Gay households are eligible, as are individuals, to receive food if application is made through any of the 80 referral agencies. If anyone tells you otherwise, then call 622-2324 and inform G.C.S. of the situation. Please contribute what you can. Bring your contributions to the G.C.S. meetings, to M.C.C. services, or to one of the bars listed below and enjoy a drink for your efforts.

Blind to ourselves
 we listen for a word
 among our fingers
 touching;
 and come back
 the honest look in your eyes
 the soft breath in your silence,
 and I see myself refreshed,
 and feel bad
 for the times I haven't been
 so alive to your needs;
 rather
 protecting myself from hurt;
 but still,
 with all of these naive thoughts,
 looking down,
 I see our fingers woven
 together like answers
 though our eyes still form
 questions!
 And feel good loving you today
 against tomorrow's
 round of doubts!
